

# Kathryn 'Kit' Lee, LMT, CLT

- DOG MASSAGE
- PET LOW LEVEL LASER THERAPY

Licensed as a Massage Therapist in Illinois and Colorado with 20 years of experience as a massage therapist for humans as well as animals. I have taken care of horses, dogs and cats. My own dog, Buck Lee, a rescue border collie, lab, bernese mountain dog mix, never had hip problems. Buck was a certified pet therapy dog working with me in hospice care, in Colorado and at Northwestern Medicine's Hospice. My cat, Cassia, a rescue, was attacked by a badger at 3 years old and survived. Her pelvis was crushed as result of this attack. With massage I was able to rehab her. Now, at 16, she started experiencing pain again, treating her with the low level laser therapy has given me back my happy kitty.

I offer private dog massages and dog/cat low level laser therapy in home. Use me in conjunction with your dog walker, while you are away, to help ease the separation anxiety.

I have a gifting fund, if you would like to purchase treatment for someone specific, but cannot afford it. Please contact me for details.

Dog Massage: \$60 - 30 Minutes

Low Level Laser Therapy: \$40 for small dogs and cats; \$40 per area for large dogs

Travel outside Lake Shore East community: \$25
